Re: Offer of Employment — Chief Technology Officer

Dear Adam,

On behalf of Amphora Labs (the "Company"), I am delighted to offer you the position of Chief Technology Officer. Your engineering leadership experience and your early contributions to our technical direction have made a strong impression on the team, and we are confident you are the right person to lead the technology organization as we scale the platform. The principal terms of this offer are summarized below and described in more detail in the sections that follow.

Position	Chief Technology Officer (CTO)
Reports to	Jeff Riley, Chief Executive Officer
Location	Cambridge, Massachusetts
Start date	October 1, 2026 (or another date mutually agreed in writing)
Base salary	$240,000 per year, paid per the Company's regular payroll schedule
Equity	10% of the Company's fully diluted capitalization, subject to vesting and Board approval
Classification	Full-time, exempt; at-will employment

1. Position and Duties

You will serve as Chief Technology Officer, reporting to the Chief Executive Officer, and will be a member of the Company's executive leadership team. You will be responsible for the Company's overall technology strategy, engineering organization, platform architecture, and technical roadmap, together with such other duties consistent with your position as the CEO or the Board of Directors may reasonably assign. Your principal place of work will be the Company's offices in Cambridge, Massachusetts, with travel as reasonably required. You are expected to devote your full business time and attention to the Company; outside advisory or board roles require prior written approval from the CEO.

2. Base Salary

Your annual base salary will be $240,000, payable in accordance with the Company's standard payroll practices and subject to applicable withholdings and deductions. Your position is classified as exempt under federal and state wage and hour laws. Your compensation will be reviewed at least annually by the Board or its Compensation Committee.

3. Equity

Subject to approval by the Company's Board of Directors, you will be granted an equity award representing ten percent (10%) of the Company's fully diluted capitalization, measured as of the grant date, under the Company's equity incentive plan (the "Plan"). The award will be structured as stock options or restricted stock, as determined by the Board in consultation with you and the Company's counsel, with an exercise or purchase price equal to the fair market value of the Company's common stock on the grant date as determined by the Board.

The award will vest over four (4) years from your start date: twenty-five percent (25%) will vest on the first anniversary of your start date, and the remaining seventy-five percent (75%) will vest in thirty-six (36) equal monthly installments thereafter, in each case subject to your continued service with the Company through the applicable vesting date. The award will be governed in all respects by the Plan and the applicable award agreement, which will contain the definitive terms and control in the event of any conflict with this letter. The Company recommends that you consult your own tax advisor regarding the award, including the possible advantages of an election under Section 83(b) of the Internal Revenue Code, where applicable.

4. Benefits and Time Off

You will be eligible to participate in the employee benefit plans and programs the Company makes available to its senior executives, including health, dental, and vision coverage, subject to the terms and eligibility requirements of those plans. You will also be eligible for paid time off in accordance with Company policy, as well as Company-observed holidays. The Company may modify its benefit programs from time to time at its discretion.

5. Business Expenses

The Company will reimburse you for reasonable and documented business expenses incurred in the performance of your duties, in accordance with the Company's expense reimbursement policies.

6. Confidentiality and Intellectual Property

As a condition of employment, you will be required to sign the Company's standard Employee Confidential Information and Invention Assignment Agreement on or before your start date. By accepting this offer, you confirm that your employment with the Company will not breach any agreement with a current or former employer or any other party, and that you will not bring to the Company or use in your work any confidential information or proprietary materials belonging to any third party.

7. Conditions of Employment

This offer is contingent upon the following:

- Satisfactory completion of a background check, in accordance with applicable law.
- Proof of your identity and authorization to work in the United States, as required by federal law (Form I-9), within three business days of your start date.
- Execution of the Confidential Information and Invention Assignment Agreement referenced above.

8. At-Will Employment

Your employment with the Company will be "at will," meaning that either you or the Company may terminate the employment relationship at any time, with or without cause and with or without notice. Nothing in this letter or in any Company policy should be construed as creating a contract of employment for any specific duration. The at-will nature of your employment may be changed only by a written agreement signed by you and the Company's CEO.

9. Entire Agreement

This letter, together with the Confidential Information and Invention Assignment Agreement and the equity award documents referenced above, sets forth the complete terms of your employment offer and supersedes any prior discussions, representations, or agreements, whether written or oral, relating to the subject matter of this letter. This letter will be governed by the laws of the Commonwealth of Massachusetts.

10. Acceptance

This offer will remain open until 5:00 p.m. Eastern Time on September 16, 2026, after which it will expire unless extended in writing. To accept, please sign and date below and return a copy to me by email. We are excited about the prospect of you joining Amphora Labs as CTO and look forward to building the Company together.

Sincerely,

_____ _____

Jeff Riley, Chief Executive Officer
Amphora Labs

Date

Acceptance of Offer

I have read and understand this offer letter and accept employment with Amphora Labs on the terms described above. I understand that my employment is at will and that this letter does not constitute a contract of employment for any specific duration.
